## BOSCAWEN PUBLIC LIBRARY Trustees' Report

---

Good books stimulate the mind.  
The longer men live,  
The longer time there is to think;  
To think is to grow, and to grow is to live.

One of the highlights of the year was the loan of the Morrill Antique Clock and Wooden Weather Vane from the Main library to the Currier Art Gallery in Manchester for exhibition at its Decorative Art Show, June 26-September 1, 1964.

The Main library building is used for meetings of many groups interested in town affairs, as well as being the office of the Selectmen. Several meetings of the Library Trustees were held during the year.

At Christmas both libraries were decorated for the holiday season.

A copy of the records of the East Boscawen Social Library from 1792-1830 was presented to the Main library by Mr. Charles S. Parsons of Goffstown.

The Trustees were saddened by the death of Mrs. Elizabeth H. Hall who passed away in June at the age of 92 years. She was a devoted and valued member of the Board of Library Trustees for over thirty years, retiring in the fall of 1958. During her years of service she acted as Secretary and Chairman of the Board. Her interest, faithfulness and loyal service to the library and community will always be remembered and greatly missed.

The ceiling at the Main library has been newly painted. Other improvements were the repairing of the magazine stand and a new book rack for the children's books.

The Boscawen Congregational Church enrolled in the Adventures in Reading contest.

The annual sum of fifty dollars was received from the Thornton fund for the purchase of children's books at the Branch.

Through the kindness of friends and the librarian, collections of books and magazines have been taken to the Norris Nursing Home and the Merrimack County Home for the shut-ins.

The Bookmobile from the New Hampshire State Library visits both libraries every two months with a collection of fiction and non-fiction books.

National Book Week was observed at both the Main and Branch libraries with new books on display. At the Branch, drawings by the school children were also on display. Many new books have been purchased during the year.

The trustees gratefully acknowledge the gift of books received from the following people: Mrs. Sydney R. Fisher, Mrs. J. Harry Sanderson, Mrs. David Gordon and a Friend.

During the past year there has been a definite increase in the use of the library.

Circulation was as follows:

Adult fiction . . . . .	3,741
Adult non-fiction . . . . .	1,241
Juvenile fiction . . . . .	5,156
Juvenile non-fiction . . . . .	1,724
Magazines . . . . .	590
Total	12,452
Main Library . . . . .	6,503
Branch . . . . .	5,949

## REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

---

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy—both industrial and recreational—is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area—4,350,000 acres—is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.
3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches;

and (3) smokers. Let's be minful of the fact that all such fires endanger property and lives.

We wish to thank you for your very find cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

## REPORT OF CIVIL DEFENSE

---

The responsibility for Civil Defense at the Federal level has been transferred from the Department of Defense to the Secretary of the Army. No significant changes have occurred because of this except that Civil Defense becomes a little more important with military defense. The logic being that military defense of our country in the nuclear age is not worth much without a way to protect our millions of citizens from the hazards of radiation that would occur.

Civil Defense has proven itself many times during 1964 for its swift and efficient action in natural disaster. Examples of this are the hurricanes in the South, the Alaskan Earthquake and more recently the floods in California, Oregon and Washington. Many separate C. D. organizations were credited with the saving of countless lives during and immediately after these disasters. This points up again, what Civil Defense is supposed to be, and that is, a group of volunteers, organized with equipment, to work with and assist the regular forces of the community, at times of natural disaster and national emergency.

In our own organization we have tried our best to keep up with all the requirements asked of us by the State and Federal Agencies. We are making some minor changes at the control center to remain eligible for matching funds assistance on new equipment. We have kept up with the required paperwork to remain eligible for surplus property.

The most important equipment acquired in the past year from surplus property was the D4 Caterpillar bulldozer. This machine is in excellent condition but the bucket and blade are cable driven. We are asking for funds to convert this to a hydraulic system thereby making it more valuable to the town. We are also

looking for a trailer to be used in transporting this machine.

The State Civil Defense Pistol Match was held in Boscawen again last September. More teams participated and our own C. D. Auxiliary Police unit took second and third honors with two teams entered. We are indebted to the local unit for conducting this match smoothly and to the Boscawen Congregational Church for allowing the match to be held in Community Park. It should also be noted that the Auxiliary Police unit cooperated with the town officials and put several men on duty two nights during the Halloween "rumble" scare.

Once again it is my duty to inform the people of this town that this Civil Defense organization cannot protect you during a period of radiation fallout. There are no public fallout shelters in Boscawen. Therefore, it is my opinion, and the opinion of your government, that each home should be equipped with some type of radiation protection. It is necessary, in this nuclear age, to protect yourself from radiation hazards as you would from any other hazard.

Respectfully submitted,  
KENNETH R. MARSHALL

## PENACOOK-BOSCAWEN WATER PRECINCT REPORT OF COMMISSIONERS

---

During 1964, we installed 2,150 feet of six inch main and 120 feet of 1 1/4 inch copper tubing. We replaced two obsolete hydrants and added three new hydrants to our system. We also installed a six inch sprinkler main under Route 4 to the Merrimack Manufacturing Company.

In our 1964 Report, we stated that we should start a metering program this year, but have abandoned this plan due to more urgent requirements.

Our plans for 1965 include the installation of approximately 1500 feet of six inch main and rebuilding the dam at Walker Pond.

During the peak load last summer, it was necessary to borrow water from Concord for several weeks to meet our demands. With our present facilities, it is impossible to deliver sufficient water during the summer months to take care of our customers, so, we are asking for an amount in the budget to cover the cost of an engineering survey so that we will have recommendations and cost estimates to present at the 1966 meeting.

The engineering report will include the following:

1. Conduct pressure and flow test
2. Determine future water consumption, including present and future daily demands and fire demands
3. The calculated safe yield of Walker Pond
4. Plans, showing size and location of recommended piping changes at pond, pumping station and other appurtenances.
5. Design and cost of replacing dam at outlet from pond

WARRANT FOR ANNUAL MEETING OF  
PENACOOK & BOSCAWEN WATER PRECINCT

To the inhabitants of the Penacook and Boscawen Water Precinct qualified to vote in Precinct affairs:

You are hereby notified to meet at Boscawen Town Hall in said Precinct on the 26th day of March next at 7:30 o'clock in the evening to vote upon the following:

1. To hear the reports of the Precinct Officers and pass any vote relating thereto.
2. To choose all necessary Precinct Officers for the ensuing year.
3. To authorize the Precinct Commissioners to borrow money in anticipation of Precinct taxes and other revenues for the year 1965 and to issue notes therefor at such rate of interest and payable at such time, within one year, and at such place as the Precinct Commissioners shall determine.
4. To see if the Precinct will vote to raise and appropriate the amounts listed in the budget for 1965.
5. To transact such other business as may legally come before this meeting.

Given under our hands and seal this 23rd day of February in the year of our Lord Nineteen Hundred and Sixty-five.

## AUDITOR'S CERTIFICATE

In accordance with instructions from the Commissioners, we have made an examination of the books and records of the Treasurer of the Penacook and Boscawen Water Precinct for the year ended December 31, 1964, and have prepared the following statements:

- Exhibit A Balance Sheet as at December 31, 1964
- Schedule A-1 Detail of Funded Debt as at December 31, 1964
- Exhibit B Statement of Receipts and Disbursements  
— For the Year Ended December 31, 1964

We have examined all checks issued by the Precinct during the year. We have also made an extensive check of all vouchers.

All recorded cash receipts were traced to the bank statement. In addition, we abstracted a list of the unpaid water rents as at December 31, 1964.

The Statement of Receipts and Disbursements correctly reflects the receipts and disbursements for the year ended December 31, 1964.

The Balance Sheet, Exhibit A, shows the Assets and Liabilities as at December 31, 1964, in accordance with the Public Utilities Commission Classification of Accounts.
